1. General Information

Type of Change	PCB Second Source Licensing
Description of Change	Victory Giant Technology is licensed to be PCB second source for Quectel EC25&EC21 series Mini PCIe modules, supplying PCBs for Quectel together with TRULY.
Reason of Change	Due to a high demand for Mini PCIe PCB and the continuous growth and expansion of our business, the current PCB supply for Quectel EC25&EC21 series Mini PCIe modules by TRULY cannot meet the ordering demand. Therefore, Victory Giant Technology is licensed to be second source of PCBs.

Samples can be requested before the Shipment Date, and the verification shall be completed within one month after the receipt of samples. If no sample demand is received before the Shipment Date, then Quectel may accept that this change has been tacitly accepted.

3. Impacts of the Change

Risk Assessment	<ol style="list-style-type: none"> The ordering codes (OC) remain unchanged. Victory Giant Technology PCB has been used in mass production of other Quectel modules for a long time. Hence, customers can feel secured to use the modules with Victory Giant Technology PCBs.
Suggested Implementation Plan	Through strict and sufficient tests, Quectel confirms that the modules manufactured by Victory Giant Technology PCB fully meet the quality and performance requirements, and are completely compatible with the modules that manufactured by TRULY PCBs. Customers can feel secured to use the Alternative Products.
