| <input type="checkbox"/> Technical requirement | <input type="checkbox"/> Change of production process/logistical changes |
| <input type="checkbox"/> Customer requirement | <input type="checkbox"/> Location of production moved |
| <input type="checkbox"/> Quality improvement | <input checked="" type="checkbox"/> Other: update MNO certification |

Description of change:	Gemalto M2M GmbH introduce a maintenance release that incorporate some software improvements as well as update of Verizon Wireless certification. For details please refer to corresponding Release Note. The new release is hardware compatible to predecessor version that can be upgraded. The new software is available Extranet on Extranet. The new Vzw certification is listed with UE4.3.4.0e in approval portal.
Scheduled date of introduction (cw/year):	Introduction into factory planned for cw51 2018 First shipments scheduled for Jan 2019
Timing note:	Due to approval restrictions the previous version is not available and supported anymore. This change is immediately effective.

Quality assurance measurements:	The new version fulfills all internal test requirements according to our Quality Management process and philosophy.
